Shared folder/git repository details	https://github.com/DilnaPranav/Mini-Project.git
Project Title	Gold Rate Forecasting
<p>Description of Project:</p> <p>This Project aims to predict future gold rate by analyzing existing dataset. This will help to forecast average gold rate upto next 10 years. We can calculate average gold rate for a specific month or week. And also we can predict the rate for a specific date using python. The dataset is available on Kaggle.com .</p>	
Front end and Backend Tools
